PsyCurio

## Intern (m/f/d)

Revolutionize with us the digital health market in the field of psychotherapy! We develop an innovative virtual reality software. The software can be used to treat various psychological and later neurological disorders. The product is developed and scientifically validated in close cooperation with renowned clinics. The team is interdisciplinary, was awarded by the BMWi in 2018 and receives strong support from the founding scene and scientific institutions.

## Your Responsibilities

You can bring in your strengths in our young company in many places:

- Learn about the strategic direction of our company.
- Build relationships with our cooperation partners.
- Take part in interesting conferences, meetups and other events.
- Participate in the development of the recruiting strategy.
- Research on the future of psychotherapy.
- Build new customer contacts.

## Your Profile

- You are self-reliant and responsible.
- You are interested in economic or psychological topics.
- You are curious and interested in learning something new.
- You can work on tasks systematically and structured.
- You like dealing with people.
- You are motivated to move something.

## What we offer

- Get to know all processes first-hand from a start-up team.
- Develop your own strengths and participate in workshops.
- Option to renew contract of work.
- Start-up spirit: flat hierarchies, participation in interesting events, open communication, a family-like and interdisciplinary team.

## When and where?

When: entry possible at any time, flexible number of hours

Where: Technology Park in Paderborn, here we meet at least once a week. Home Office is also possible.
